I've taken my vacation in the jungle  
C Dm  
Skied the slopes of Aspen in the spring  
C Am7  
On beaches of Cancun, I've swum beneath the moon

Instagram will show you everything  
C G7  
But now there's a location more exotic  
C Dm  
So I've planned an expedition there as well  
FM7 Am7  
Without any hesitation, I made a reservation  
Dm7 G C  
I'm flying with my lover to the Space Hotel

FM7 CM7  
The Space Hotel, two hundred miles high  
FM7 CM7  
At the Space Hotel, watch the Earth below spin by  
FM7 E7  
At the Space Hotel, we'll make love up in the stars  
Am G#7 G7  
The Space Hotel, next best thing to Mars

Tomorrow we take off in a rocket / Dock it at the hotel central hub  
Just \$5 million dollars, for a weekend getaway / Members of a most exclusive club  
Should there be an event catastrophic  
To disrupt our blissful stay at the resort  
An escape pod will transport us, return us to the surface  
No need to be nervous at the Space Hotel

The Space Hotel, 200 miles high  
The Space Hotel, watch the earth below spin by  
The Space Hotel, we'll make love up in the stars  
The Space Hotel, freeze dried ice cream in the minibar

The Space Hotel, 200 miles high  
The Space Hotel, watch the earth below spin by  
At the Space Hotel, we'll make love up in the stars  
The Space Hotel ...
