

Potatoes in April

Dan Tappan - April 2016

G D A D

D *G* *D* *A7*
Some say there's a season, a time for every purpose
D *G* *A7* *D*
Some say there's a reason for all the things that hurt us.
G *D* *Bm*
I don't know the Master Plan, just focus on the small.
G *D* *A7* *D*
I plant potatoes in April, garlic in the Fall.

Grownup life's a busy mix: startle, stress, and hurry.
Sometimes can't help myself, give in to the worry.
Other days I take it slow, listen when the birds call
Plant potatoes in April, garlic in the Fall

G *F#m*
There's a time for doin' taxes; A time for washin' dishes.
Em *A7*
A time for smellin' roses; A time for catchin' fishes.
G *Bm*
A time to read, a time to write, a time to search for answers
E7 *(E7/F#)* *(E7/G#)* *A7*
A time to leave your seat and join the dancers
A7/G *A7/F#* *A7/E*

Some hope politicians will be the ones to save us
Others say the answer's to bow our heads to Jesus
Not much faith in prayin'; less in building walls
Plant potatoes in April, garlic in the Fall

Chorus

There's a meditation in working for the future
Tender shoots, seeds and hope; all things we can nurture.
Each act of compassion means we're in it for the long haul.
G *D* *A7* *F#m* *F#7*
